## Import tables:

1. `hosts.csv`

Import/Export data - table 'hosts'  

General Options Columns

Columns to import

host\_id x

host\_since x

host\_location x

host\_response\_time x

host\_response\_rate x

host\_acceptance\_rate x

host\_is\_superhost x

host\_neighbourhood x

host\_listings\_count x

host\_verifications\_count x

host\_has\_profile\_pic x

host\_identity\_verified x

An optional list of columns to be copied. If no column list is specified, all columns of the table will be copied.

NOT NULL columns

Not null columns... 

Do not match the specified column values against the null string. In the default case where the null string is empty, this means that empty values will be read as zero-length strings rather than nulls, even when they are not quoted. This option is allowed only in import, and only when using CSV format.

 OK

## 2. `Property\_avg\_pricing.csv`

Import/Export data - table 'property\_avg\_pricing'  

General Options Columns

Columns to import 

property\_type x neighbourhood x price x 

An optional list of columns to be copied. If no column list is specified, all columns of the table will be copied.

NOT NULL columns 

Not null columns... 

Do not match the specified column values against the null string. In the default case where the null string is empty, this means that empty values will be read as zero-length strings rather than nulls, even when they are not quoted. This option is allowed only in import, and only when using CSV format.

## 3. `Listings\_cleaned.csv`

Import/Export data - table 'listings\_cleaned'  

General Options Columns

Columns to import 

id x name x host\_id x street x neighbourhood x  
zipcode x property\_type x room\_type x accommodates x  
bathrooms x bedrooms x beds x bed\_type x  
amenities\_count x price x weekly\_price x monthly\_price x  
security\_deposit x cleaning\_fee x guests\_included x  
extra\_people x minimum\_nights x maximum\_nights x  
instant\_bookable x cancellation\_policy x  
require\_guest\_profile\_picture x  
require\_guest\_phone\_verification x avg\_availability x 

An optional list of columns to be copied. If no column list is specified, all columns of the table will be copied.

NOT NULL columns 

Not null columns... 

Do not match the specified column values against the null string. In the default case where the null string is empty, this means that empty values
